

5.0 credits	30.0 h	1q
-------------	--------	----

Teacher(s) :	Pleyers Geoffrey (compensates Yépez Del Castillo Isabel) ; Yépez Del Castillo Isabel ;
Language :	Français
Place of the course	Louvain-la-Neuve
Main themes :	This course aims, on one hand, to familiarize with the theoretical approaches as well as the framework of analysis and interpretation of the political dimensions of development. On the other hand, it aims to give an insight of the power dynamics that have an impact on the types of development. It will analyse the evolution of power relations in different contemporary processes. Based on case studies, it aims to point out these changing processes and the relations between the actors involved; to confront to these processes conceptualization attempts; to offer explicatory and prospective hypotheses.
Aims :	Develop her/his own analytical skills, the use of information sources, the identification of the main facts, conceptualisation skills, and communication of a constructed analysis on the political aspects of development. Develop critical reading skills of the analyses of the changing processes as proposed by the media, academic researchers and social actors in general. <i>The contribution of this Teaching Unit to the development and command of the skills and learning outcomes of the programme(s) can be accessed at the end of this sheet, in the section entitled "Programmes/courses offering this Teaching Unit".</i>
Other infos :	A group work on one of the themes proposed by the professor and the oral presentation of this work. The course material is made of a reading portfolio and a copy of the power point slides used by the professor during the course (available on icampus in the documents file).
