Content :	Pragmatism and ethics  & bsp;The importance of pragmatism is quite evident in many philosophical debates, to a great deal due to Rorty& squo;s impact. Nevertheless, the philosophy of pragmatism developed since the end of the 19th century in the USA remains marginalized in the context of moral philosophy. The course suggests a historical reconstruction of the theoretical background, discusses its consequences for the foundation of ethics and addresses some issues of applied ethics.
