

4.0 credits	22.5 h	2q
-------------	--------	----

Teacher(s) :	Francard Michel ;
Language :	Français
Place of the course	Louvain-la-Neuve
Inline resources:	PPT montage
Prerequisites :	B2 level of reading and B1+ level in listening (Common European Framework of Reference)
Main themes :	The course consists of a detailed analysis of linguistics features (grammatical, lexical), discursive (stylistic, generic) and communicational (links with the situation of communication) which distinguishes specialized texts in the economic/commercial sector from other registers in French. The course also aims to significantly increase the student's specialized vocabulary allowing him to easily deal with any text in this domain.
Aims :	At the end of the course, students should be able to read and identify the principle discursive and terminology characteristics in specialized economic and commercial texts in French. They should also have a firm grasp of the different types of communication which may be used support these kinds of texts. <i>The contribution of this Teaching Unit to the development and command of the skills and learning outcomes of the programme(s) can be accessed at the end of this sheet, in the section entitled "Programmes/courses offering this Teaching Unit".</i>
Evaluation methods :	Evaluation : during the semester evaluation (written exercices, participation to the online training), and final written examination.
Teaching methods :	Distance learning. The course will be based on computer-mediated instruction, utilizing the iCampus platform.
Content :	The course is based on a detailed description of the commercial and economic French using original texts. Students will develop their knowledge about the business world by studying economic and commercial terminology in articles from newspapers. Students will also analyze the discourse of several companies in various types of texts : company brochures, direct marketing letters, job announcements and company Web pages. Written communication specialists could be invited according to the topics. Online exercices, Internet research and group work will allow students to increase their specialized vocabulary and enable them to easily understand any text in this domain.
