Teacher(s) :	De Keersmaecker Marie-Laurence ;
Language :	Français
Place of the course	Louvain-la-Neuve
Main themes :	The problems are illustrated on two very different spatial scales: - First we are essentially interested in the urban phenomenon: internal structure of cities, social problems, housing policies, city-country relations, etc. - Secondly we cover the problems of economic development through international trade.
Aims :	The aim of the course is to introduce students to the main problems of human geography: location of human activities, flows of people and goods, social problems, territorial development policies, etc. <i>The contribution of this Teaching Unit to the development and command of the skills and learning outcomes of the programme(s) can be accessed at the end of this sheet, in the section entitled "Programmes/courses offering this Teaching Unit".</i>
