2015-2016

Advanced Studies in Philosophical Anthropology B

5.0 credits	30.0 h	2q	This biannual course is taught on years 2014-2015, 2016-2017, ...

Teacher(s) :	Dupuis Michel (coordinator) ; Frogneux Nathalie ;
Language :	Français
Place of the course	Louvain-la-Neuve
Prerequisites :	Some instruction in the history of philosophy, especially an acquaintance with phenomenology, and some acquaintance with philosophical anthropology.
Main themes :	The theme of the course changes every year. But every year, anthropological questions will be pursued through the works of major authors of contemporary and modern philosophy, and the course will be concerned with examining how they are interpreted today.
Aims :	Upon successful completion of the course the student should be able to : - gain comprehensive understanding with regard to a particular problem in philosophical anthropology - grasp the interdisciplinary aspects of the problem - relate the data associated with the problem to contemporary scientific developments *The contribution of this Teaching Unit to the development and command of the skills and learning outcomes of the programme(s) can be accessed at the end of this sheet, in the section entitled "Programmes/courses offering this Teaching Unit".*

Teaching methods :	/
Content :	Starting from E. Stein's thesis about the phenomenology of empathy (1916), we'll systematically consider the phenomenon of empathy as a radically cognitive and affective one, realizing the fundamental "intercorporeity" conditioning every "intercomprehension". We'll give a look at recent neurophenomenological developments around empathy.
