Christian Initiation II: Eucharist

3.0 credits	30.0 h	2q	This biannual course is taught on years 2014-2015, 2016-2017, ...

Teacher(s) :	Scolas Paul ;
Language :	Français
Place of the course	Louvain-la-Neuve
Main themes :	The objectives are to study the sacraments of Christian initiation (entrance into the covenant) - baptism, confirmation, Eucharist - and to give an account of the sacraments that "make" the Christian and build the Church.
Aims :	By the end of the course, the student should be able to: - use the major sources and tools regarding the Eucharist; - set these sacraments in a theological context within the initiation to the Christian and church life and within the construction of the Church as the Body of Christ. *The contribution of this Teaching Unit to the development and command of the skills and learning outcomes of the programme(s) can be accessed at the end of this sheet, in the section entitled "Programmes/courses offering this Teaching Unit".*
Content :	The Eucharist is unparalleled and central among the seven sacraments, as "fount and apex of the whole Christian life" (Lumen gentium 11). The other sacraments are originated with it and are ways to it (Presbyterorum ordinis 5), like the other liturgical practices. The lecture will present the doctrine and the liturgical rites of the Eucharist, as the Council Vatican the 2nd has explained and recommended them, showing in this way the continuum of theological Tradition since the beginnings of the Church. The ecumenical questions and the new researches will also be considered.
