UCL Université catholique de Louvain

WFSP2203

2015-2016

Séminaire de recherche en économie de la santé

3.0 credits	20.0 h	2q

Teacher(s) :	Paul Elisabeth ;
Language :	Français
Place of the course	Bruxelles Woluwe
Prerequisites :	*The prerequisite(s) for this Teaching Unit (Unité d'enseignement – UE) for the programmes/courses that offer this Teaching Unit are specified at the end of this sheet.*
Main themes :	The seminar will examine four essential topics related to health economics: (i) a reminder about cost-effectiveness analysis; (Ii) analysis of health financing at the macroeconomic level (including development assistance); (Iii) universal health coverage; (Iv) performance-based financing (PBF) in the health sector
Aims :	*The contribution of this Teaching Unit to the development and command of the skills and learning outcomes of the programme(s) can be accessed at the end of this sheet, in the section entitled "Programmes/courses offering this Teaching Unit".*
Evaluation methods :	Finally, the evaluation of the seminar will be conducted through the critical review of a scientific article.
Teaching methods :	1) Three sessions (3 hours each) aimed at presenting the four study themes: explanation of the problem, state of the art, main research methods and sources of information; 2) Group work consisting in developing a draft research protocol on one of the topics addressed. The guidelines will be given during the first session (3 hours), which will also identify research questions to be investigated by the students. Then, the equivalent of 3 sessions (3 hours) will be devoted to the realisation of group work with supervision (possibly remote). 3) A final supervised session (3 hours) will allow students to present their work, submit it to the criticism of other students and of the professor.
Faculty or entity in charge:	FSP
