Main themes	<p>Main themes</p> <p>The internship offers students the opportunity to immerse themselves in the professional world. The professional immersion environment is generally an architectural agency where the student is confronted for three weeks with different aspects of the architect's life (from design to construction site, including contacts with clients and material suppliers). The internship can also be done in a design office, an administration, a research team or any other organization related to the world of construction. It opens the door to the various potential opportunities of the training. The internship allows the application of disciplinary knowledge and skills in a professional setting.</p> <p>At the end of the internship, the student draws up a report, accompanied by a certificate from the internship supervisor to ensure its validity.</p>
Aims	<p>At the end of the activity, the student will be able to:</p> <ul style="list-style-type: none"> • to be part of a team to observe and understand the role of the actors involved in the world of construction. • to be actively involved in professional work and to become aware of its responsibilities. • develop a reflexive mind with regard to both theoretical knowledge and professional practices that he has acquired or still needs to acquire. • to give a clear and precise account of their field experience. <p>-----</p> <p><i>The contribution of this Teaching Unit to the development and command of the skills and learning outcomes of the programme(s) can be accessed at the end of this sheet, in the section entitled "Programmes/courses offering this Teaching Unit".</i></p>
Evaluation methods	The activity is evaluated through a written report.
Content	In 2018, the project consists of developing 3 housing units for lock keepers along the Sambre Canal. The architecture project is an active pedagogy. Teachers create a framework in which students engage creatively. Feedbacks are regularly provided to students. The sessions alternate group discussions and individual work.
Other infos	It is the students' responsibility to find their internship location.
