

Teacher(s)	Lambert Nicolas ;
Language :	English
Place of the course	Louvain-la-Neuve
Main themes	<p>This course will tackle the new challenges that marketers have to meet when designing their marketing strategy in the fast-changing digital landscape. The new digital environment had a major impact on consumers' habits and needs. As a result, the way to understand, communicate and reach consumers has changed dramatically. Companies have now to be in contact with the consumer wherever he is, on whatever devices he uses and at any moment of the day. Traditional marketing is over and a series of new marketing concepts need to be understood to be effective in this new environment.</p> <p>Moreover, companies need to be able to manage, analyse and take actions on big data generated. This has an impact on the way companies should manage and structure their marketing department. This is complex and requires new skills that companies do not always have.</p> <p>The objectives of the course are to:</p> <ul style="list-style-type: none"> • Review the latest changes affecting the marketing strategy (situation analysis, segmentation and positioning) • Understand how the marketing organization has to be adapted to take into account the new digital environment • Review how to manage brands in this new environment taking into account traditional and digital marketing tools.
