Work placement

20 credits	468.0 h	Q2

Language :	French
Place of the course	Louvain-la-Neuve
Main themes	The work placement is a first experience in the working world and is directly linked to the Master in Multilingual Communication.
Aims	1 The work placement module obliges students to contact companies in Belgium and/or abroad in order to find a three-month work placement in a public or private company. By the end of the work placement, students will have learned a lot about the business world and will have applied in a practical way the concepts and theories learned in their language and business courses. - - - - *The contribution of this Teaching Unit to the development and command of the skills and learning outcomes of the programme(s) can be accessed at the end of this sheet, in the section entitled "Programmes/courses offering this Teaching Unit".*
Evaluation methods	Evaluation : The work placement will be evaluated by means of a detailed report (8,000-10,000 words) and an oral defense of 10 minutes (5 minutes PowerPoint presentation and 5 minutes question and answer session). The report and oral defense must be in one of the students' major languages and will be evaluated by a supervisor (teacher) appointed by the master committee. A fail for the written report or for the oral defense means an overall fail for the internship.
Teaching methods	/
Content	The objective of the work placement is to enable students to participate in a companies activities thereby applying the theoretical concepts acquired in their language and business courses in the Master in Multilingual Communication. During their work placement, students should also use on a daily basis at least one of their two major languages. Students must write and orally defend a report on their work placement. (See Evaluation). The report must respect the scientific and bibliographical conventions in this regard.
