Méthodes d'enseignement	<p><b>En raison de la crise du COVID-19, les informations de cette rubrique sont particulièrement susceptibles d'être modifiées.</b></p> <p>Le cours est dispensé en auditoire. Des conférenciers sont invités régulièrement et des débats sont organisés à cette occasion.</p>
Contenu	<p>In this course, we discuss various forms of financing available to new ventures, present the structure of financial contracts, as well as provide the student with an introduction to valuation methods. A significant part of the course will deal with venture capital and business angel finance. Real-world case studies on entrepreneurial finance will be discussed during the course. Students are expected to participate actively in discussions. Topics to be discussed include, but are not limited to, the following areas:</p> <ul style="list-style-type: none"> <li>- Sources of financing for start-ups</li> <li>- Valuation methods for new ventures</li> <li>- Security Design and contracting</li> <li>- Venture capital cycle: investment - monitoring and advising - divestment</li> <li>- Special topics: e.g. corporate venturing, international perspectives of venture capital finance</li> </ul> <p>Note that this course is not a course on entrepreneurship but one on entrepreneurial finance. Therefore, the course will not cover topics such as management and organization of entrepreneurial companies nor how to write business plans. Rather it will focus on the financial aspects of entrepreneurial firms.</p>
