45.0 h + 30.0 h

Q1

Teacher(s)	Gilson Nathalie ;
Language :	French
Place of the course	Mons
Aims	<i>The contribution of this Teaching Unit to the development and command of the skills and learning outcomes of the programme(s) can be accessed at the end of this sheet, in the section entitled "Programmes/courses offering this Teaching Unit".</i>
Evaluation methods	<b>Due to the COVID-19 crisis, the information in this section is particularly likely to change.</b> -Final written exam (multiple choice questions: 30% of the final grade, open-ended questions: 70% of the final grade) -A test will be organized during the first semester. Students who will pass this test will receive an exemption for a part of the final written exam. This exemption is cancelled if the student does not pass the exam organized in January.
Teaching methods	<b>Due to the COVID-19 crisis, the information in this section is particularly likely to change.</b> Key lectures (45h) Small group exercices (30h)
Content	The objective of this course is to introduce fundamental economic principles. This course is divided in two parts: microeconomics and macroeconomics. Microeconomics studies the individual choices of economic agents (consumer, firm, government), market mechanisms, state's interventions (externalities, public goods, common resources, natural monopolies, taxes, subsidies, efficiency losses) Macroeconomics studies the economy as a whole and the relations among economic variables (growth, inflation, public debt, interest rates, balance of payments, exchange rates, labor market, money market, goods and services market).
