15.0 h

Q2

Teacher(s)	Lejeune Thierry ;
Language :	French
Place of the course	Bruxelles Woluwe
Main themes	The aim of the course is to introduce the students to the Physical and Rehabilitation Medicine. This information will help them to manage the return to work of patients who followed a rehabilitation program. It will also help them to refer workers for whom the Physical and Rehabilitation Medicine could be useful.
Aims	<i>The contribution of this Teaching Unit to the development and command of the skills and learning outcomes of the programme(s) can be accessed at the end of this sheet, in the section entitled "Programmes/courses offering this Teaching Unit".</i>
Content	The course is based on lectures presenting : <ul style="list-style-type: none"> <li>• general principles, philosophy, methodology and organisation of pluridisciplinary rehabilitation team ;</li> <li>• rehabilitation of various diseases: spinal cord disease, low back pain, obesity, cardiac disease, ....;</li> <li>• interest of movement analysis.</li> </ul>
Faculty or entity in charge	MDTE
