

Due to the COVID-19 crisis, the information below is subject to change, in particular that concerning the teaching mode (presential, distance or in a comodal or hybrid format).

3 credits

15.0 h

Q1

Teacher(s)	Descampe Antonin ;
Language :	French
Place of the course	Louvain-la-Neuve
Aims	<i>The contribution of this Teaching Unit to the development and command of the skills and learning outcomes of the programme(s) can be accessed at the end of this sheet, in the section entitled "Programmes/courses offering this Teaching Unit".</i>
Evaluation methods	<p>Due to the COVID-19 crisis, the information in this section is particularly likely to change.</p> <p>Continuous evaluation on the basis of individual and group work carried out during the quadrimester. The practical modalities will be detailed to students at the start of the term, and available on Moodle.</p> <p>Modalities of the second session are identical: individual and group work, carried out on topics covered during the course.</p>
Teaching methods	<p>Due to the COVID-19 crisis, the information in this section is particularly likely to change.</p> <p>The course will be given in two ways:</p> <ul style="list-style-type: none"> - lectures by the teacher - learning by debating with students on their methods of collecting and analyzing information, and by discussing work carried out outside the sessions. <p>Covid-19</p> <ul style="list-style-type: none"> - All of the course sessions are normally given face to face. - Depending on the evolution of health measures (yellow or orange codes), on the capacity of the auditorium and on the number of registered students, seminar sessions could switch to co-modality: presence of the majority of students, and the possibility of remote attendance via Teams. If the auditorium does not allow broadcasting via Teams or if red code applies, these courses will go into full remote mode. These adaptations will be communicated to students via Moodle.
Content	The course introduces the concepts and approaches of information literacy and media literacy. It deals with the journalistic skills targeted by information literacy, the role of the journalist and the mass media in the development of an "information culture", the issues and the evolution of public confidence in the media and the journalists. It analyzes the critical and technical skills of audiences in different types of media.
Inline resources	Presentation materials, useful links, work instructions and other external resources will be made available to students on the Moodle platform of the course .
Other infos	<p>English-friendly Course</p> <ul style="list-style-type: none"> • Reading: bibliographical references in English can be provided • Questions: students can ask their questions in English • Evaluation: students can do presentations and answer exam questions in English • Dictionary: students are allowed to use a dictionary (monolingual French dictionary or bilingual French-mother tongue dictionary, as specified by the teacher), including for exams
Faculty or entity in charge	COMU
