

Due to the COVID-19 crisis, the information below is subject to change, in particular that concerning the teaching mode (presential, distance or in a comodal or hybrid format).

5 credits	30.0 h	Q1
-----------	--------	----

Teacher(s)	Cultiaux John (compensates Périlleux Thomas) ;Périlleux Thomas ;
Language :	French
Place of the course	Louvain-la-Neuve
Main themes	<ul style="list-style-type: none"> • Clinical posture in the social sciences and humanities and its contribution to the management sciences. • Organization as a space for testing and control. • The determinants of the subjective relationship to work and organization. • Prevention of psychosocial risks. • New forms of work organization. • Intervention in organization.
Aims	<i>The contribution of this Teaching Unit to the development and command of the skills and learning outcomes of the programme(s) can be accessed at the end of this sheet, in the section entitled "Programmes/courses offering this Teaching Unit".</i>
Evaluation methods	<p>Due to the COVID-19 crisis, the information in this section is particularly likely to change.</p> <p>The final evaluation is :</p> <ul style="list-style-type: none"> • For 50% of the grade on a group work that is subject to continuous evaluation throughout the quadrimester. Students will demonstrate their understanding of the concepts and their ability to apply them rigorously to the analysis of a real work situation. • For 50% of the mark on a written exam covering the entire course material, case studies and the reading portfolio.
Teaching methods	<p>Due to the COVID-19 crisis, the information in this section is particularly likely to change.</p> <ul style="list-style-type: none"> • Lectures preceded by preparatory readings • Use of experience stories: video films, testimonials from practitioners • Use of artistic supports and awareness activities proposed during the sessions • Notes of readings to be realized during the quadrimester • Group work on concrete cases.
Content	The course focuses on the work experience from the perspective of those who experience it. It offers tools for analysis and intervention in problematic work situations. With a particular focus on the issue of psychosocial risks (occupational pathologies), it will make you aware of the practice of clinical listening. It will also invite you to go back over your family and professional trajectory by reflecting on your own relationship to the work activity.
Inline resources	See on Moodle
