

Due to the COVID-19 crisis, the information below is subject to change, in particular that concerning the teaching mode (presential, distance or in a comodal or hybrid format).

3 credits	30.0 h	Q2
-----------	--------	----

Teacher(s)	Dehoux Jean-Paul ;Philippe François-Xavier ;
Language :	French
Place of the course	Louvain-la-Neuve
Aims	<i>The contribution of this Teaching Unit to the development and command of the skills and learning outcomes of the programme(s) can be accessed at the end of this sheet, in the section entitled "Programmes/courses offering this Teaching Unit".</i>
Evaluation methods	<b>Due to the COVID-19 crisis, the information in this section is particularly likely to change.</b> written examinations (one per part)
Teaching methods	<b>Due to the COVID-19 crisis, the information in this section is particularly likely to change.</b> Lectures and conferences (n=5)
Content	The course consists of 3 parts: - A 10-hour lecture course on an introduction (i) to the concept of "One Health, One World; (ii) to tropical breeding and the basic principles of animal experimentation. - A series of conferences (5 x 2 hours) covering the presentation of tAFSCA, SCIENSANO, ARSIA and the development of the milk sector, influenza and slaughterhouse industries. - An introduction to economy (10 hours).
Inline resources	Moodle:power point and PDF files for the lectures and the conferences
Bibliography	• cours Moodle Moodle: cours et conférences
Other infos	The Veterinary Public Health course aims to give an overview of the veterinary profession other than that of conventional practitioner "small or large animals". Important information about the written exam: - The exam is composed of 2 parts, one will be provided by Prof.Philippe for his course and the other will be provided by Prof.Dehoux encompassing his course and the subjects given by the 5 speakers. The exam will consist of 10 questions per party. Prof Dehoux's exam will include 7 questions on his course and 3 on the subject given by the speakers. - Failing to validate one of the two parts (with a score less than or equal to 7) automatically gives a final score of 7/20 or lower, even if the arithmetic average is higher. Partial dispensations valid for the sessions of <u>the same academic year</u> are possible if one, but not the other part of the course is successful, after request and written agreement of the Profs (by @mail).
Faculty or entity in charge	VETE
