Teaching methods	Due to the COVID-19 crisis, the information in this section is particularly likely to change. 1) Three sessions (3 hours each) aimed at presenting the four study themes: explanation of the problem, state of the art, main research methods and sources of information; 2) Group work consisting in developing a draft research protocol on one of the topics addressed. The guidelines will be given during the first session (3 hours), which will also identify research questions to be investigated by the students. Then, the equivalent of 3 sessions (3 hours) will be devoted to the realisation of group work with supervision (possibly remote). 3) A final supervised session (3 hours) will allow students to present their work, submit it to the criticism of other students and of the professor.
