| Enseignants | Agrell Per Joakim ;Blome Constantin ; |
| Langue d'enseignement | Anglais |
| Lieu du cours | Louvain-la-Neuve |
| Thèmes abordés | Procurement's role in the value chain and the strategic dimension in the collaboration and development of supplier relations in order to provide competitive advantage. |
| Acquis d'apprentissage | <p>A la fin de cette unité d'enseignement, l'étudiant est capable de :</p> <p>The course objectives are:</p> <ul style="list-style-type: none"> - To develop the mindset and skills to understand and facilitate the strategic role of sourcing and procurement in the internal and external supply chain - To make students familiar with best practice concepts and methods in supplier relationship management and supply chain governance as pursued by leading edge firms - To enable students to best use the innovation potential of the supply base - To become familiar with best practice concepts in managing supply chain risks In general, you should be able after the course to apply best practices in managing supplier relationships. <p>This means also that you are able to choose the right governance mechanisms depending on the situation and potential strategic impact and develop the relationship accordingly.</p> <p>Furthermore, you develop a feeling for the crucial impact factors in governing these relationships including awareness for IP, culture etc. You will also experience how unexpected incidents will affect these relationships and your situation as well as how you can manage these.</p> |
| Modes d'évaluation des acquis des étudiants | <p>Continuous evaluation</p> <ul style="list-style-type: none"> • Date: to announced on Moodle • Type of evaluation: Group project (50%), individual project (15%) • Comments: <i>Case solutions including group work written reports, class presentations, individual report submissions</i> <p>Evaluation week</p> <ul style="list-style-type: none"> • Oral: no • Written: no • Unavailability or comments: NA <p>Examination session</p> <ul style="list-style-type: none"> • Oral: No • Written: <i>written open-book exam in English (35%)</i> • Unavailability or comments: Take-home exam if sanitary restrictions apply. |
| Méthodes d'enseignement | A major part of the course consists of lectures related to the literature. In addition, case discussion and short tasks during the course will further facilitate learning. An important asset of the course is the negotiation clinic in which participants will further develop their negotiation skills. The group and individual assignments are also an important pillar for the overall learning success. |
| Contenu | <ul style="list-style-type: none"> - Procurement and External Supply Chain - Procurement and Internal Supply Chain - Supply Network Design - Strategic Cost Management & E-Auctions - Promoting and procuring supplier innovations - Negotiation Clinic |
