Art.72.</p> <p><b>Students who don't succeed in january</b> or who handed in a medical certificate, must retake the exam in june. If they don't take the exam, they will lose the benefit of this part of the exam and be given 0/20 for this part.</p> <p><b>August exam:</b> written part (vocabulary, grammar, written part and listening comprehension) + oral part (press articles linked to the themes of the course and questions on content of the course). Students who haven't done the (certain parts of) the Bucket List, have to do it again in August.</p> <p>If students don't take the oral and/or written exam in june, they will be given an "unjustified absence", even if they have taken all the other parts of the exam.</p> <p>If students don't take the test in April, even with a valid excuse, he will have to retake the exam in August.</p> <p><b>Attendance at the course is compulsory.</b> If the teacher deems it useful, he/she may askt the jury to prohibit students who have not regularly attended the learning activities to register for the exam (RGEE - art. 72).</p> <p><b>If the (health) situation does not allow for permanent evaluation</b> (e.g. we need to switch to hybrid or online and distance learning), then:</p> <p>The continuous assessment will be replaced by a written exam (vocabulary, listening comprehension, writing and grammar = 45% of the final mark) with a platform using remote monitoring (<b>proctoring</b>) AND by an oral (continuous) assessment based on the bucket list and press articles related to the topics covered in the course and questions related to the course content (55% of the final mark). Vocabulary questions may also be asked during this oral examination.</p> <p><b>If the proctoring platform for the written examination cannot be used for any reason</b>, the written examination will be cancelled and replaced by the oral assessment based on the bucket list and press articles related to the course topics, questions about the course content and vocabulary questions. This mark will then constitute 100% of the final mark.</p> <p>Taking into account the health situation, <b>if the possibility is however left to us to organise a face-to-face written examination, we will opt for this possibility</b> and will organise a face-to-face written examination.</p> <p>If the teacher has doubts about a student's performance in a written certification assessment, the teacher will question the student orally on the same subject in the days following the assessment in order to verify the student's competence.</p>
