

Teacher(s)	Demeulenaere Isabelle (coordinator) ;Houdmont Dag ;
Language :	Dutch
Place of the course	Louvain-la-Neuve
Prerequisites	<p>This teaching unit being of upper-intermediate level, students should have a good receptive and productive knowledge of the basic grammar and vocabulary and have reached an UPPER B1 level (reading, listening and speaking) of the " Common European Framework of reference for Languages " (CEFR).</p> <p>The teaching unit LNEER 2500 can be seen as a good preparation do this teaching unit, without being a compulsory prerequisite for it.</p> <p>The teaching unit LNEER 2602 can logically follow the teaching unit LNEER 2600.</p>
Main themes	<p>This teaching unit is structured around different themes related primarily to the professional world in which the student is meant to function in the future. Different subject-matters linked to the professional world in broad sense will also be discussed such as unemployment, discrimination on the job market, cultural differences within companies, social responsibility, equality men/women, etc.</p>
Learning outcomes	<p>At the end of this learning unit, the student is able to :</p> <p>Reading Comprehension</p> <p>At the end of this teaching unit the student should be able to</p> <ul style="list-style-type: none"> • extract information, ideas and opinions from highly specialised sources linked to their field of study . • understand highly specialised articles outside of their field of study provided they can occasionally use a dictionary to check their understanding. <p>Level B2+ of the Common European Framework of Reference for Languages</p> <p>Listening Comprehension - Individual:</p> <p>At the end of this teaching unit the student should be able</p> <ul style="list-style-type: none"> • to follow the main points of a conference, a discourse, a report and other types of educational/ professional presentations, which are complex in form and content. • in a conversation, to understand in detail what is said in standard dialect, even in a noisy environment. <p>Level B2+ of the Common European Framework of Reference for Languages</p> <p>Speaking skills :</p> <p>At the end of this teaching unit the student should be able to</p> <ul style="list-style-type: none"> • develop a presentation in a methodic way, or a description emphasizing the important points and relevant details. 1 • spontaneously diverge from a prepared text to follow interesting points raised by the audience, and show great ease and spoken skills in doing so. • take part in a conversation of a certain length on most general topics and really participate in it, even in a noisy environment. <p>Level B2 of the Common European Framework of Reference for Languages</p> <p>Writing skills :</p> <p>At the end of this teaching unit the student should be able to</p> <ul style="list-style-type: none"> • summarise information and arguments coming from diverse sources. • write formal letters and know the formulas which are most appropriate to the different forms of professional correspondence. <p>Level B1+ of the Common European Framework of Reference for Languages</p> <p>Code</p> <ul style="list-style-type: none"> • Expansion of general vocabulary (4000 basic words) and specific professional vocabulary. • Reinforcement of simple and complex specific grammatical structures of Dutch. <p>As far as speaking skills are concerned, the teaching unit focuses more on communicative skills than on correction.</p> <p>Culture</p>

	For all the skills aforementioned: introduction to Flemish and Dutch culture. The capacity to appreciate the values transmitted by this culture is developed through different fields (social, political, economical).
Evaluation methods	<ul style="list-style-type: none"> • Continuous assessment (class participation, daily work, oral presentation in group, ') • Oral and written final exam
Teaching methods	<ul style="list-style-type: none"> • Lessons in groups of max. 20 students. • Workload Classroom hours : 30 h Self-study (including e-learning): 60 h • All skills will be trained (listening, reading, speaking and writing) although the focus will be on developing speaking skills in a professional environment. • Students are required to deliver a talk on one of the communication techniques related to professional life. During this presentation, they are asked to create interaction with the public. The communication techniques themselves will be systematically trained in class. All these activities require some preparation work to be done by the students who are also themselves responsible for perfecting their linguistic knowledge (vocabulary study, revision of grammatical points, ').
Content	<p>This teaching unit aims at helping students to prepare their entry on the job market, by training skills such as meetings, negotiations, job interviews, the writing of a report, '</p> <p>The aim is also to allow the student to know the professional world better, through the reading of newspaper articles, conferences, films, video sequences, company simulation exercises'</p> <p>All skills will be trained (listening, reading, speaking and writing) although the focus will be on developing speaking skills in a professional environment.</p>
