Q2

This biannual learning is being organized in 2021-2022

Teacher(s)	Jacquemin Dominique ;
Language :	French
Place of the course	Louvain-la-Neuve
Main themes	To reach the aims, the course: - will focus on a specific issue in bioethics - will explore human, social and political issues - will present an ethical appraisal in a philosophical and theological point of view
Learning outcomes	At the end of this learning unit, the student is able to : 1 clarify fundamental categories of ethical reflection about questions asked by the development of sciences and biomedical techniques 2 relate contributions of Christian traditions to current debates about these topics.
Content	Belgium knows a legislation relative to the euthanasia, for the adults since 2002, for the minors since 2014. The course of the cursus will try hard to understand the stakes, as long for the patients, the nursing that for the society in general. While the demand to die into dignity "multiplies in the European countries, as to understand these requests, to accompany them? A normative ethics, independent from situations, is it enough for thinking of this type of question? How to think humanely and in the faith about this complex problem?
Faculty or entity in charge	TEBI
