Evaluation methods	During the term: formative assessment. January and August/September exam sessions : written examination (4 hours per specialized translation field). The overall mark will be calculated by averaging the two marks. In case of an overall fail mark, the failed parts will have to be retaken during the August/September exam session. In case of an unjustified absence, students will have to retake the two translation workshops chosen during the August/September exam session. The use of machine translation is strictly forbidden.
Teaching methods	Compulsory workshops in the computer lab. These modalities could be transposed into distancing depending on the evolution of the health situation.
Content	This course sets out to simulate the realistic conditions of a translation project. Students will have to tackle the various steps of a Spanish-into-French translation project with professionalism, from order to delivery (i.e. administrative tasks, documentary and terminological research, translation, revision). Students will be asked to translate one or several texts dealing with the two specialized translation fields selected at the start of the academic year, among economic translation, legal translation and scientific/technical translation. Students can mix fields as they wish in their two C languages. The different tasks will be carried out in the computer lab, meeting specific deadlines and relying on various tools.
