Q2

Teacher(s)	Bernard Nicolas ;de Pierpont Gabriela ;
Language :	French
Place of the course	Bruxelles Saint-Louis
Learning outcomes	<p><b>At the end of this learning unit, the student is able to :</b>                      The EU law aims at the following specific learning outcomes:                      You have to be able:</p> <ul style="list-style-type: none"> <li>- to summarize a new judicial decision and identify the essential elements of the text</li> <li>- to reproduce a number of legal concepts, identify their characteristic elements and compare them</li> <li>- to solve a legal question similar to the ones we saw in Class based on the legislative and regulatory texts available (application)</li> <li>- to understand the main principles of the Belgian institutional organization</li> </ul> <p>The course is given in French, which does not exclude the possibility that some decisions of jurisprudence may be in Dutch.</p>
Evaluation methods	<p>The final assessment is a written (face-to-face or online) examination. It will assess the knowledge of the subject matter contained in the syllabus, as well as discussed in class, including the commented jurisprudential decisions.</p> <p>During the entire examination, the students may refer to the legal and statutory texts. However, these documents may not include any annotations (with the exception of possible cross-references to other legal devices without any further comment).</p> <p>The certificative assessment of this module consists of a single exam. It is therefore not possible to transfer any part of the grade.</p>
Teaching methods	<p>Lecture course, which can be illustrated by the analysis of documents and/or jurisprudential decisions.</p> <p>Face-to-face and/or on-line, second term, 60 hours of theory.</p>
