| Learning outcomes           |  |
| Evaluation methods          | Oral exam based on written preparation. The subjects are specified on a document on the Moodle server.   |
| Teaching methods            | The main course (15h) is given on the basis of the interactive DVD, projected in the class. Specially conceived for the course, this DVD presents the various questions treated, including the exercises which illustrate each theoretical point. These exercises will be prepared by the students (15h).  |
| Content                     | Middle Egyptian is the classic language of pharaonic Egypt as used in the first half of the 2nd millenium, from the Middle Kingdom to the beginnings of the New Kingdom.  After an introduction on the decipherment of hieroglyphs, the course gives a progressive discovery of the writing system, arriving at a memorization of the 200 most frequent signs and of a basic vocabulary of some 400 words. It then examines the morphology and syntax of nouns and adjectives. |
