vain lreli133	32	Croyance, foi et religion		
5.00 credits	30.0 h	Q1		

() This biannual learning unit is not being organized in 2023-2024 !

Teacher(s)	Riaudel Olivier ;				
Language :	French				
Place of the course	Louvain-la-Neuve				
Main themes	The course will address issues related to belief, in its epistemological, religious, but also specifically Ch aspects. On the first aspect, the course will introduce to the epistemology of religious beliefs. On the second present the problem of the relations between faith and religion. On the third, it will address the notions of fidei, of theological virtue, and of dogma.				
Learning outcomes	At the end of this learning unit, the student is able to :				
	<ul> <li>discern the object and the method of fundamental theology as an integral part, but also critical function and elucidation of theology;</li> </ul>				
	<ul> <li>- reflect on the problems posed by the articulation between theology and the sciences of religions, between internal and external approach of the religious fact;</li> </ul>				
	- be familiar with the fundamental theological notions of faith, <i>magisterium</i> , dogmas, and with the strengths and limitations of the various recent types of fundamental theology.				
Evaluation methods	Evaluation: lecture files and oral examination				
Content	From a perspective that is both historical and thematic, this course focuses on the question, "what do you believe?" There will also be questions about the relationship between faith and religion.				
Other infos	Support: course plan, bibliography and course summaries				
Faculty or entity in charge	ТЕВІ
