Q1

Teacher(s)	Lorant Vincent ;
Language :	French
Place of the course	Bruxelles Woluwe
Learning outcomes	
Evaluation methods	Written exam, Multiple-choice (online with wooclap, wooflash or other plateforme). It will include MC questions, a reading exercise. Sample questions and applications are available on Moodle and are regularly solved during the course. The exam will be between 1 and 2 hours long.
Teaching methods	The first part of the course is devoted to a theoretical presentation The lectures are supported by figures and tables to familiarize students with the theory-data links. Students are invited to practice using online databases and wooclap exercises. Students are thus invited to bring a laptop, connected to the UCLouvain wifi.
Content	Governance of the health system Social protection Health care financing Provision and expenditures Organization of care: coordination and decentralization Health information system Human resources Health and politics Health system performance
