## ARCH1PM - Introduction

## ARCH1PM - Admission

**For the specific conditions of this program : refer to the French version**

(Decree of March 31<sup>st</sup> 2004 defining higher education, favoring its integration in the European framework of higher education and refinancing universities)

The admission requirements must be met prior to enrolment in the university.

### General conditions

#### Access to the preparatory year on the basis of a bridging programme:

- Access to the preparatory year for students who have a [non-university "short-type" higher education degree](#)
- Access to the preparatory year for students who have a [non-university "long-type" higher education degree](#)

**Upon completion of the Master's admission procedure** , students may be required to take extra courses representing a maximum of 60 additional credits. Where the extra workload exceeds 15 credits, this training is considered to be a preparatory year of study.

- **Access to the preparatory year on the basis of [accreditation of prior learning and skills acquired through personal or professional experience](#)** :

Article 53 of the Decree of 30 March 2004 stipulates that: *"Notwithstanding article 51, without prejudice to article 60, and in accordance with a decision by the academic authorities, for the purpose of granting access to Master's studies, the competent Examination Board may accredit prior learning and skills acquired by students through their personal or professional experience. This useful experience must correspond to at least five years of activities, excluding years of higher education study that were not passed. At the end of an assessment procedure organized by the academic authorities, the Examination Board will decide whether a student has sufficient knowledge and skills to successfully pursue Master's studies."*

- **Access to the preparatory year on the basis of accreditation of 180 ECTS credits by the Admissions Board (personalized admission based on application)** for students who have a degree from a Belgian university or qualifications obtained abroad (which do not give access to this particular year on the basis of the abovementioned general conditions).

In the event of the divergence between the different linguistic versions of the present conditions, the French version shall prevail

## ARCH1PM - Information

### Learning outcomes

---

L'objectif est de compléter la formation de l'étudiant de manière à lui permettre d'aborder le programme de Master ingénieur civil architecte. Le programme vise à combler les lacunes d'ordre méthodologique, scientifique et technique, dans les connaissances scientifiques de base (mathématiques, physique, chimie, informatique, méthodes numériques, probabilités et statistiques) ainsi que dans la formation spécialisée prérequis pour accéder au programme de master ingénieur civil architecte.

### Evaluation

---

Les activités d'enseignement sont évaluées selon les règles en vigueur à l'UCL (voir le règlement des examens : <https://www.ucl.ac.be/etudes/libres/fr/reglements.html>).

### Possible trainings at the end of the programme

---

Cette année préparatoire donne accès au programme de master ingénieur civil architecte.

## ARCH1PM - Detailed programme

### Programme by subject

---

Un programme spécifique de 60 crédits sera formé à partir des cours du Baccalauréat en fonction du curriculum académique de l'étudiant (cours déjà suivis et contenu de ces cours). Ce programme sera établi en concertation avec la Commission de diplôme et approuvé par la commission de second cycle de la faculté.
