## Introduction

## Admission

***For the specific conditions of this program : refer to the French version***

## Information

### Learning outcomes

---

- to provide students with a sound introduction to the domains of human and social sciences and to the methods used to tackle them;
- to allow the student to get more out of his/her training by later changing his/her course of study;
- to allow the student to add obtain a better understanding of human and social sciences as well as adding another subject to their course of study.

### Teaching method

---

### Evaluation

---

### Possible trainings at the end of the programme

---

- Direct access to the Master's in Labour Sciences, the Master's in Human Resources and the Master's in Population and Development for bachelors in political science and bachelors in sociology and anthropology.
- Access on conditions for other bachelors (with the agreement of the person in charge of the program) : consideration will be given to all of the courses the student has taken as part of his/her baccalaureate, and, should some courses not have been taken, they can be added to the Master's in Labour science, master's in human resources and the master's in population and development science programs. (maximum 15 credits).
