ARCH1PM - Introduction

Introduction

ARCH1PM - Teaching profile

Learning outcomes

L'objectif est de compléter la formation de l'étudiant de manière à lui permettre d'aborder le programme de Master ingénieur civil architecte. Le programme vise à combler les lacunes d'ordre méthodologique, scientifique et technique, dans les connaissances scientifiques de base (mathématiques, physique, chimie, informatique, méthodes numériques, probabilités et statistiques) ainsi que dans la formation spécialisée prérequis pour accéder au programme de master ingénieur civil architecte.

ARCH1PM Detailed programme

Programme by subject

Un programme spécifique de 60 crédits sera formé à partir des cours du Baccalauréat en fonction du curriculum académique de l'étudiant (cours déjà suivis et contenu de ces cours). Ce programme sera établi en concertation avec la Commission de diplôme et approuvé par la commission de second cycle de la faculté.

ARCH1PM - Information

Admission

(Decree of March 31st 2004 defining higher education, favoring its integration in the European framework of higher education and refinancing universities)

The admission requirements must be met prior to enrolment in the university.

The mentioned information may of modification for 2014-2015

In the event of the divergence between the different linguistic versions of the present conditions, the French version shall prevail

General conditions

Access to the preparatory year on the basis of a bridging programme: see <https://uclouvain.be/fr/etudier/passerelles/recherchez-vos-passerelles.html>

students may be required to take extra courses representing a maximum of 60 additional credits. Where the extra workload exceeds 15 credits, this training is considered to be a preparatory year of study. Access to the preparatory year on the basis of **accreditation of prior learning and skills acquired through personal or professional experience** :

Article 53 of the Decree of 30 March 2004 stipulates that: "Notwithstanding article 51, without prejudice to article 60, and in accordance with a decision by the academic authorities, for the purpose of granting access to Master's studies, the competent Examination Board may accredit prior learning and skills acquired by students through their personal or professional experience. This useful experience must correspond to at least five years of activities, excluding years of higher education study that were not passed. At the end of an assessment procedure organized by the academic authorities, the Examination Board will decide whether a student has sufficient knowledge and skills to successfully pursue Master's studies."

Access to the preparatory year on the basis of accreditation of 180 ECTS credits by the Admissions Board (personalized admission based on application) for students who have a degree from a Belgian university or qualifications obtained abroad (which do not give access to this particular year on the basis of the abovementioned general conditions).

In the event of the divergence between the different linguistic versions of the present conditions, the French version shall prevail

Evaluation

The evaluation methods comply with the [regulations concerning studies and exams](#). More detailed explanation of the modalities specific to each learning unit are available on their description sheets under the heading "Learning outcomes evaluation method".

Les activités d'enseignement sont évaluées selon les règles en vigueur à l'UCL (voir le règlement des examens : <https://www.ucl.ac.be/etudes/libres/fr/reglements.html>).

Possible trainings at the end of the programme

Cette année préparatoire donne accès au programme de master ingénieur civil architecte.
