FARM1PM - Introduction

Introduction

FARM1PM - Teaching profile

Learning outcomes

Le programme de cette année préparatoire vise à fournir à l'étudiant les compétences souhaitées pour entamer le programme de master en sciences pharmaceutiques.

FARM1PM Detailed programme

Programme by subject

En fonction de son parcours antérieur, le programme de l'étudiant est constitué d'une liste de cours choisis dans le programme de [bachelier en sciences pharmaceutiques](#). Ce programme sera déterminé en concertation avec le responsable de la formation. L'année d'études préparatoire est comprise entre 16 et 60 crédits.

FARM1PM - Information

Admission

(Decree of March 31st 2004 defining higher education, favoring its integration in the European framework of higher education and refinancing universities)

The admission requirements must be met prior to enrolment in the university.

The mentioned information may of modification for 2014-2015

In the event of the divergence between the different linguistic versions of the present conditions, the French version shall prevail

General conditions

Access to the preparatory year on the basis of a bridging programme: see <https://uclouvain.be/fr/etudier/passerelles/recherchez-vos-passerelles.html>

students may be required to take extra courses representing a maximum of 60 additional credits. Where the extra workload exceeds 15 credits, this training is considered to be a preparatory year of study. Access to the preparatory year on the basis of **accreditation of prior learning and skills acquired through personal or professional experience** :

Article 53 of the Decree of 30 March 2004 stipulates that: "Notwithstanding article 51, without prejudice to article 60, and in accordance with a decision by the academic authorities, for the purpose of granting access to Master's studies, the competent Examination Board may accredit prior learning and skills acquired by students through their personal or professional experience. This useful experience must correspond to at least five years of activities, excluding years of higher education study that were not passed. At the end of an assessment procedure organized by the academic authorities, the Examination Board will decide whether a student has sufficient knowledge and skills to successfully pursue Master's studies."

Access to the preparatory year on the basis of accreditation of 180 ECTS credits by the Admissions Board (personalized admission based on application) for students who have a degree from a Belgian university or qualifications obtained abroad (which do not give access to this particular year on the basis of the abovementioned general conditions).

—
In the event of the divergence between the different linguistic versions of the present conditions, the French version shall prevail

Specific Admission Requirements

Ce programme est particulièrement accessible aux bacheliers en sciences dentaires, en médecine, en sciences de l'ingénieur (orientation bioingénieur) et en sciences chimiques, ainsi qu'à certains bacheliers en sciences biomédicales.

D'autres candidats d'autres orientations ou ayant effectué des études hors UE pourraient également se voir imposer ce programme d'accès au master pour réaliser une mise à niveau.

Specific Admission and Enrolment Procedures for General Registration

La demande doit être adressée au secrétariat de la Faculté de pharmacie et des sciences biomédicales.

Evaluation

The evaluation methods comply with the [regulations concerning studies and exams](#). More detailed explanation of the modalities specific to each learning unit are available on their description sheets under the heading "Learning outcomes evaluation method".

Les cours font l'objet d'un examen soit écrit soit oral ; certains d'entre eux s'appuient sur la réalisation d'un travail personnel.

Possible trainings at the end of the programme

La réussite de cette année préparatoire ne conduit pas à un diplôme mais sa réussite donne un accès direct au master en sciences pharmaceutiques.
