Teaching profile

Learning outcomes

The aim of the minor is to enable students who so wish to include a cultural, creative dimension in their baccalaureate training.

The program calls on the skills of several faculties, requires the active and creative participation of the students and gives students the opportunity to develop the cultural practices they have embarked upon in the context of a seminar.

COURSE PREREQUISITES

A document entitled (nb: [not available](#) for this programme lcucr100i) specifies the activities (course units - CU) with one or more prerequisite(s) within the study programme, that is the CU whose learning outcomes must have been certified and for which the credits must have been granted by the jury before the student is authorised to sign up for that activity.

These activities are identified in the study programme: their title is followed by a yellow square.

As the prerequisites are a requirement of enrolment, there are none within a year of a course.

The prerequisites are defined for the CUs for different years and therefore influence the order in which the student can enrol in the programme's CUs.

In addition, when the panel validates a student's individual programme at the beginning of the year, it ensures the consistency of the individual programme:

- It can change a prerequisite into a corequisite within a single year (to allow studies to be continued with an adequate annual load);
- It can require the student to combine enrolment in two separate CUs it considers necessary for educational purposes.

For more information, please consult [regulation of studies and exams](#).

THE PROGRAMME'S COURSES AND LEARNING OUTCOMES

For each UCLouvain training programme, a [reference framework of learning outcomes](#) specifies the competences expected of every graduate on completion of the programme. You can see the contribution of each teaching unit to the programme's reference framework of learning outcomes in the document "*In which teaching units are the competences and learning outcomes in the programme's reference framework developed and mastered by the student?*"

Admission

Specific Admission Requirements

The minor is open, without entry requirements, to all baccalaureate students, regardless of their option.

Teaching method

The courses make use of a variety of teaching techniques and strategies (lectures, group work, individual work, seminars, reading etc.) which help students to acquire the necessary skills. Certain courses also use e-learning techniques (provision of resources and exercises, teaching devices, collective sharing and assessment of work).

Evaluation

The evaluation methods comply with the regulations concerning studies and exams (<https://uclouvain.be/fr/decouvrir/rgee.html>). More detailed explanation of the modalities specific to each learning unit are available on their description sheets under the heading "Learning outcomes evaluation method".

According to the type of course, there are different forms of assessment. Certain courses have traditional oral and/or written assessments (which take place in the examination periods in January, June and August/September), while seminars involve student

participation throughout the semester and the assessment of individual work. Further details on the assessment method are given at the beginning of each course.

Course examinations on communication skills are designed to test performance, that is to say practical use of the language in meaningful situations, which demonstrate students' level of ability.

Teaching activities are assessed in accordance with the rules currently in force at the University (see [General Examination Regulations](https://uclouvain.be/en-enseignement-reglements.html) (<https://uclouvain.be/en-enseignement-reglements.html>)). Students may also find additional information on the particular methods of assessment in the course descriptions.

To obtain a student's average, the grades awarded for each course unit are weighted by their respective credits.

Possible trainings at the end of the programme

This minor doesn't give direct access to a particular master.

Enrolling on the minor

1. Organization

Students take 15 course credits in the first year, and 15 in the second.

To take full advantage of the training on offer, students are advised to attend the communicative skills courses and the accompanying exercise sessions. Different exercise sessions will be held at different times.

This minor is run by the "culture and creation" management committee. The members of this committee are appointed by UCL's Culture Council. The expertise of the committee members spans a broad range of cultural activities. The committee is responsible for promoting, coordinating, monitoring and developing the minor programme.

2. Admission to the minor

There are no specific admission requirements for this minor.

3. Enrolling on the minor and checking enrolment

Second year of Bachelor's degree

Once students have enrolled for their year of study, they can enrol on their minor online. Students repeating Year 2 are automatically enrolled on the same minor.

Third year of Bachelor's degree

When enrolling for the third year, students are automatically enrolled on the second part of their minor. The same applies to students who are repeating their third year.

Requests for exemption to this rule should be submitted to the study adviser for the relevant faculty.

4. Changes to the minor enrolment

Students who wish to make any changes to their enrolment choices must submit a request to their own faculty's study adviser, stating their reasons, before 10 October.

Course timetable

1. View the course timetable

The timetable is available at: <https://uclouvain.be/fr/facultes/fial/horaires-des-cours.html> (<https://uclouvain.be/fr/facultes/fial/horaires-des-cours.html>).

Last-minute changes will be posted on the "student bulletin board" at <https://uclouvain.be/306433.html>.

2. Resolving timetable clashes using the equivalence table

The equivalence table may be consulted at the office of the programme committee for the minor in question. Contact: the person in charge of the minor, for advice and approval of any change(s) requested.

Signing up for minor activities

No prerequisites for this minor.

2. Signing up for minor programme activities

Students should sign up for both minor and major activities (classes) at the same time using a specific menu in their own student portal.

3. Signature of the person in charge of the minor

Students must ask the person in charge of the minor to sign their completed class registration form before forwarding it to the office of their own faculty or programme committee.

Available support

Information on the course service

Some courses offer online support. Request information from the course instructor.

Where offered, alternative teaching arrangements are available only to students who have signed up for a class as part of their minor and can prove they are unable to attend the class in question. The teacher's written consent is required.

Organization of exams

1. Registering for exams

Students will register online for their minor course exams at the same time as they register for their major course exams. If they experience any problems, they should contact their own faculty office or programme committee.
