## APPECON - Teaching profile

### Learning outcomes

The approfondissement in economics completes the baccalaureate program in economics and management. It allows the student to gain a deeper understanding of the subject in workshop-seminars (15 credits) as well as taking courses in economics (15 credits) which are not given as part of his/her baccalaureate program.

On successful completion of this programme, each student is able to :

1. Maîtriser des connaissances et compétences approfondies dans certains domaines des sciences économiques afin de faciliter le choix de la finalité et des options de son master.
2. Développer une compréhension approfondie de questions complexes en économie relatives à des thématiques complémentaires à celles étudiées dans le cadre de la majeure.
3. Démontrer une compréhension approfondie et exploiter avec pertinence une palette élargie d'outils d'analyse critique relevant des sciences économiques.

**COURSE PREREQUISITES**

There are no prerequisites between course units (CUs) for this programme, i.e. the programme activity (course unit, CU) whose learning outcomes are to be certified and the corresponding credits awarded by the jury before registration in another CU.

**THE PROGRAMME'S COURSES AND LEARNING OUTCOMES**

For each UCLouvain training programme, a [reference framework of learning outcomes](#) specifies the competences expected of every graduate on completion of the programme. You can see the contribution of each teaching unit to the programme's reference framework of learning outcomes in the document "*In which teaching units are the competences and learning outcomes in the programme's reference framework developed and mastered by the student?*"
