MINGEOG - Introduction

Introduction

MINGEOG - Teaching profile

Learning outcomes

The minor aims to provide students with an introduction to geographical problems and methods, in particular the study of the interaction between human activities, geographical space and the natural environment. This additional training attempts to embrace a variety of disciplines and approaches and the course aims to include the human and physical aspects of geography which contribute to the formation of landscapes.

Programme

DETAILED PROGRAMME BY SUBJECT

- Mandatory
- ✘ Optional
- △ Not offered in 2023-2024
- ⊖ Not offered in 2023-2024 but offered the following year
- ⊕ Offered in 2023-2024 but not the following year
- △ ⊕ Not offered in 2023-2024 or the following year
- Activity with requisites
- 🌐 Open to incoming exchange students
- 🚫 Not open to incoming exchange students
- [FR] Teaching language (FR, EN, ES, NL, DE, ...)

THE PROGRAMME'S COURSES AND LEARNING OUTCOMES

For each UCLouvain training programme, a [reference framework of learning outcomes](#) specifies the the skills expected of every graduate on completion of the programme. Course unit descriptions specify targeted learning outcomes, as well as the unit's contribution to reference framework of learning outcomes.

MINGEOG - Information

Access Requirements

The minor in geography is intended for students who hold a baccalaureate and who have basic training in science and, if possible, economics. It is thus open to all holders of baccalaureates in science and engineering science. It is also open, subject to the approval of the conseiller aux études (course adviser), to students who have received adequate training in basic sciences.

Evaluation

The evaluation methods comply with the regulations concerning studies and exams (<https://uclouvain.be/fr/decouvrir/rgee.html>). More detailed explanation of the modalities specific to each learning unit are available on their description sheets under the heading "Learning outcomes evaluation method".

Possible trainings at the end of the programme

Bachelors who have taken this minor are admitted onto the master's in geographical science, possibly with an adapted program, depending on their background. Nevertheless, any student who wishes to change his/her study path in this way is asked to contact the conseiller aux études (course adviser) of his/her own faculty as soon as possible as well as the course adviser for the department of geography.
