## ESPO

ACTU2122 Compléments d'assurance-vie

[30h] 3 credits

This course is taught in the 1st semester

**Teacher(s):** Etienne Marceau  
**Language:** french  
**Level:** 2nd cycle course

### Main themes

To familiarise students with the theory of life insurance policies covering several people, and to make a detailed study the theoretical bases of these transaction, and of transactions covering just one person.

### Content and teaching methods

#### Content

The same subject as on Course ACTU 2121, but with more technical additional clauses, and clauses covering several people. There will also be an examination of invalidity insurance.

#### Methodology

The course will be delivered in the form of lectures. Improvised theoretical exercises will ensure that students participate actively.
