ECRI2220 Séminaire de supervision du stage en criminologie

[30h] 3 credits

**Teacher(s):** Christian-Paul De Valkeneer, Jean François  
**Language:** french  
**Level:** 2nd cycle course

### Main themes

The aim of this seminar is to enable students to collectively monitor the traineeships that they are required to carry out, with a view to giving this period of practical training greater importance within the study programme. The seminar will both enable students to analyse together any problems they come across during their training period and also give them a theoretical framework within which to reflect on their practical experience.
