FARM2301 Séminaire intégré de sciences pharmaceutiques

[40h] 7.5 credits

This course is taught in the 2nd semester

Teacher(s): Josiane Burton (coord.), Paul Depovere, Jean Gillard, Marie-Paule Mingeot, Jacques Poupaert, Véronique Prét

Language: french

Level: 2nd cycle course

Aims

The goal of this seminar is firstly, to propose to the students of the 3rd year of the rank of pharmacist, an integrated approach of the principal pharmaceutical disciplines and secondly, to learn to the student how to make the synthesis of the lessons previously received and to use the data of the literature. This seminar would prepare the students with the examination of general knowledge.

Main themes

Personal work by group of 4 students consisting of a presentation of a subject integrating pharmacology, the galenic aspects , the analysis of the drugs and the pharmacopeia.

Other credits in programs
