ISP

ISP3142 Seminar on metaphysics

[30h] 4 credits

This two-yearly course is taught in 2004-2005, 2006-2007,...

This course is taught in the 1st semester

**Teacher(s):** Gilbert Gérard  
**Language:** french  
**Level:** 3rd cycle course

### Aims

The objective of this seminar is to prepare students for scientific research in metaphysics. By the end of the seminar, the student will be required to demonstrate a capacity to comprehend a metaphysical problematic; to present it in a critical, detailed, and documented fashion; and to submit it to a judgment constructed and argued for through discussion with other seminar participants.

### Main themes

To prepare the student for scientific research in metaphysics - its requirements, its objectives, and its methods - through a seminar-based approach.

### Other information (prerequisite, evaluation (assessment methods), course materials recommended readings, ...)

Pre-requisites:

Introduction to Metaphysics

Assessment:

Assessment is carried out on the basis of work done during the seminar, more specifically, the presentation given by each participant and participation in discussion.

### Other credits in programs

ISLE3DA/IS	Diplôme d'études approfondies en philosophie et lettres (philosophie)	(4 credits)	Mandatory
