

# Faculté des sciences économiques, sociales et politiques

**ESPO****ECON3502 Advanced Macroeconomics I**

[45h] 7 crédits

**Enseignant(s):** Raouf Boucekkine, David De la Croix  
**Langue d'enseignement :** anglais  
**Niveau :** cours de 3ème cycle

**Résumé : Contenu et Méthodes****Contents**

Precise contents to be defined by the teacher. Here is an example of possible contents:

ch 1 (Solow model), 2 (Ramsey model), 3 (endogeneous growth) and 5 (Keynesian theories), of Romer's book.

**Method**

The principle is to reach quickly an advanced level, especially for the topics that are covered in undergraduate courses.

Exercises and home works are assigned to students, and a feedback is provided during the course on their solution.

**Autres crédits de l'activité dans les programmes**
