### COMU2203 ANTHROPOSOCIOLOGY OF PLACES OF MEDIATION

[30h] 4 credits

**Teacher(s):** Alain Reyniers  
**Language:** French  
**Level:** Second cycle

#### Main themes

A study of anthroposociological data in systems of cultural mediation, and more specifically in the field of the social distribution of erudite and popular knowledge.

#### Content and teaching methods

##### Content

Micro milieux and local conversations will be the venues most frequently used as fields of observation and analysis. Work will involve approaching phenomena of mediation of cultural knowledge at the levels of both production and reception, with the emphasis on linguistic and non verbal contextual inferences.

##### Method

Attempts at typification and interpretations will be located in the field of anthroposociological theories of communication. In particular, there will be an evaluation of approaches at field level and/or relating to conversational analysis.

#### Other information (prerequisite, evaluation (assessment methods), course materials recommended readings, ...)

The course requires supervision by Assistants on field activities.

#### Programmes in which this activity is taught

COMU2M1 Master en information et communication
