GLOR2313 Seminar : tutoring of internships in classical languages and literatures

[15h]

Teacher(s): Alain Meurant
Language: French
Level: Second cycle

Aims

By the end of the course, students will be able to reflect critically on their practical internship experience in connection with the theories developed during general and discipline specific didactics courses.

Main themes

The course allows students to: - compare their mutual experiences and take a critical distance from the practical observations made during their internships; - analyse the pedagogical practices observed and applied during their observation and teaching internships; - develop the use of conceptual reference and analysis frameworks in order to develop a fruitful approach of their own teaching practices, - acquire a method of analysis for the pedagogical situations experienced in view of transposing it on their future teaching.

Content and teaching methods

The course allows students to compare their mutual experiences of teaching, analyse their pedagogical practices, better determine the weight and finality of conceptual reference and, finally, acquire a method of analysis for pedagogical situations.
