

Higher Institute of Philosophy

ISP3131

Seminar on logic

[30h] 4 credits

Teacher(s): Marcel Crabbé
Language: French
Level: Third cycle

Aims

By the end of the seminar, students will be acquainted with an important theme in logic and the experience acquired should allow them to increase their knowledge by themselves of this theme or of other important themes.

Main themes

Content varies from year to year depending on current philosophical research. Particular attention will be paid to providing a framework for the work of DEA and doctoral students (3rd cycle).

Other information (prerequisite, evaluation (assessment methods), course materials recommended readings, ...)**Pré-requisites :**

An introductory course (1st cycle) in logic is necessary. An intermediate course (2nd cycle) is recommended.

Assessment :

Based on student's participation and report

Supporting material :

Articles or book studied in the seminar
