ISP3142 Seminar on metaphysics

[30h] 4 credits

This two-yearly course is taught in 2006-2007, 2008-2009,...

This course is taught in the 1st semester

Teacher(s): Gilbert Gérard
Language: French
Level: Third cycle

Aims

The objective of this seminar is to prepare students for scientific research in metaphysics. By the end of the seminar, the student will be required to demonstrate a capacity to comprehend a metaphysical problematic; to present it in a critical, detailed, and documented fashion; and to submit it to a judgment constructed and argued for through discussion with other seminar participants.

Main themes

To prepare the student for scientific research in metaphysics - its requirements, its objectives, and its methods - through a seminar-based approach.

Other information (prerequisite, evaluation (assessment methods), course materials recommended readings, ...)

Pre-requisites:

Introduction to Metaphysics

Assessment:

Assessment is carried out on the basis of work done during the seminar, more specifically, the presentation given by each participant and participation in discussion.
