

## PHYS2264 Seminar of general physics

[60h] 6 credits

This course is taught in the 1st and 2nd semester

**Teacher(s):** Krzysztof Piotrkowski, Xavier Urbain  
**Language:** French  
**Level:** Second cycle

### Aims

This laboratory is added to the general physics teachings (PHYS 1130 and PHYS 2263) to which it brings : - original complements or - experimental support on the notions given in class.

### Main themes

The laboratory is constituted of a series of experiences answering to objectives given above and of which the list can vary from year to year. The students will make experiences and reports on them.

### Other information (prerequisite, evaluation (assessment methods), course materials recommended readings, ...)

Evaluation: based on the work provided during all the year (75%) and on an oral examination at the end of the year (25%).

### Other credits in programs

<b>PHYS21/G</b>	Première licence en sciences physiques	(6 credits)
<b>PHYS21/T</b>	Première licence en sciences physiques (Physique de la terre, de l'espace et du climat)	(6 credits)
