

Faculty of Economic, Social and Political Sciences

POLS1322 Epistemology and Methodology in Political Science

[30h+10h exercises] 4 credits

This course is not taught in 2005-2006

Language: French

Level: First cycle

Aims

The objectives of this course are to:

1. Give students an integrated view of scientific methodology adapted to meet the specific needs of political science, which should provide students with an ability to evaluate critically research in various fields within the discipline.
2. Provide them with practical tools used on concrete examples, which should enable them to understand clearly how these tools are used, their potential and their limitations.

Other information (prerequisite, evaluation (assessment methods), course materials recommended readings, ...)

Evaluation: Written examination
