RELI2530 Communication of a scientific knowledge in religious teaching

[15h] 1 credits

This course is taught in the 2nd semester

Teacher(s): Henri Derroitte
Language: French
Level: Second cycle

Aims

This course studies in greater depth the programme of religious education in secondary schools.

Main themes

The systemic study of the programme (RELI 2520) goes hand-in-hand with the communication of its contents to secondary school students. The seminar analyses different religious teaching skills and their concrete implications in religious education.

Content and teaching methods

The course is created for the next coming professors of religion. It proposes exercises which help the students to pass from the comprehension of the Programme of catholic religion for the secondary school to the implement of sequences of training. The examples are adapted to the various degrees of secondary education.
