

Faculty of Medicine

EDPH1044 Didactic in team sports and games

[7.5h+67.5h exercises] 6 credits

Teacher(s): Philippe Gérard
Language: French
Level: First cycle

Aims

By the end of this course, the student will be able to adopt the different roles inherent to the teaching in collective sports, according to the type and the context of the intervention: teacher, coach, referee, player,...

He will be able to altern the game situations and the technical and tactical learnings in joining up them together.

He will make the student sensitive to the behaviors in respect with the ethic and the fair-play

Main themes

The student will use the appropriate tools to evaluate the individual and collective habilities.

He will have essential lines to analyse his intervention according to the motivation and the motor involving of the participants.

He will be able to justify his didactical choices and to express his theoretical referentials.

Content and teaching methods

Will be completed by the titular professor when the courses will be attributed
