

Faculty of Psychology and Education Sciences

SEX2111 Workshop in sex and family education

[30h] 3.5 credits

This course is taught in the 2nd semester

Teacher(s): Pascal De Sutter, Isabelle Roskam
Language: French
Level: Second cycle

Aims

The seminar should bring the students to analyse, on the basis of the scientific literature and of their own experience, some questionable situations in the field of family and sexuality and to draw some models and rules for these situations.

Main themes

The themes to be tackled will be discussed with the students at the beginning of the seminar.
 Questions to be tackled: prevention of undesired pregnancy, prevention of MST, the place and psychological importance of the faithfulness in a couple, etc#

Content and teaching methods

The theme is outlined, the scientific data are analysed, the relevant research are read and presented during the seminar.

Other information (prerequisite, evaluation (assessment methods), course materials recommended readings, ...)

- use of scientific data
- passive knowledge of english

Evaluation on the work and on the presentation
