

Faculty of Medicine

HEMA3110 Seminars in Haematological Biology

[20h]

Teacher(s): Véronique Deneys, Jean-Marie Scheiff
Language: French
Level: Third cycle

Aims

To inform medical doctors and pharmacists specialized in clinical biology, physicians, medical doctors and pharmacists in training, about the more recent knowledges of clinical haematology.

Main themes

Post-university teaching about methodological aspects, clinical application and interpretation of haematological laboratory analyses, including genetics and molecular biology. Research subjects are also presented.

Content and teaching methods

These seminars are included in the yearly renewed program of the "Seminars in Clinical Biology" (in the evening of the second Thursday of each month) and of the "Day of Clinical Biology" (in May).

Other information (prerequisite, evaluation (assessment methods), course materials recommended readings, ...)
