### ROM2461 French Linguistics applied to teaching : French as a foreign language

[15h+15h exercises] 4 credits

This course is taught in the 1st semester

**Teacher(s):** Jean Klein  
**Language:** French  
**Level:** Second cycle

#### Aims

. Analyse the the part of metalinguistic reflection in the process of learning a second language

#### Main themes

- To analyse the different points of view (morphosyntactical, semantic, discursive) likely to shed light on the language issues in the secondary education schools.

#### Content and teaching methods

Reflection on the great hypotheses ( innate or " environmentalists ") explaining the acquisition of language ; acquisition of a first and second language (analogies and differences) ; critical analysis of the main learning methods ; relevance of the contrastive approach and of the error analysis approach. Besides, the course suggests some concrete reflection topics ( French and the African Arabian and Asian languages, teaching in an immigrants environment,etc)
