

AC Power Source 230V/500W

Short description : AC isolation transformer Peaktech 2240

- This AC power source is provided with a galvanic isolation between primary and secondary voltage.

- Input voltage : 230 V AC
- Output voltage : 230 V AC
- Output Power : 500 W (2,5A)
- Dimensions (WxHxD) : 160x125x235mm
- Weight : 7,5 kg

Localisation : Welcome
